

Fuel Consumption Log: Baseline Assessment (BEFORE WORKSHOP)

Date	Odometer Reading (km)	Fuel Consumed (L)	Distance Travelled (km)	Fuel Consumption (L/100 km)	Fuel Cost (\$/100 km)	CO ₂ (kg/100 km)	Air Pollutants (g/100 km)	City Driving (%)	Highway driving (%)	Comments
AVERAGES										
TOTALS					\$	kg	g			#Days:

Instructions:

For Baseline Assessment, fill in the highlighted columns.

1. Day one: Fill up the gas tank completely and record the date and odometer reading only.
2. Next fill up: Fill up the gas tank completely, and record the date, odometer reading and fuel consumed (number of litres used; from gas pump).
Record approximate percentage of time spent driving in the city and on the highway since your last fill-up.
3. Repeat Step 2 every time you fill up the gas tank (for at least 2 weeks or 2 fill-ups).

NOTE: WE WILL FILL IN THE OTHER COLUMNS AT THE WORKSHOP.

If not attending workshop, send completed form to: lmucklow@mirarco.org; 693-2657 (fax); or 10 Primrose Dr. Garson, ON P3L 1B6
